

Sorry to disappoint, but the latest full white paper is a living document rich with all kinds of ideas and analysis - some good, but some less well thought out. Lots of people out there are looking for click-bait for articles designed to generate add revenue, with little regard for journalistic integrity. For this reason, the white paper is only available to those team members who we have gotten to know a bit.

That said, we encourage you to join the Atlantis Project, start by signing up at [project-atlantis.com](http://project-atlantis.com)!
